reserved by the President himself for the reason that it would lead to confusion and cancellation of sanctions of Vice Presidents in cases where the President disagrees with the Vice President as to the necessity for any particular work. Sanctions accorded by Vice Presidents under order of 1896 are presumably subject to the acceptance or approval of the Presidents and if no works should be commenced without such approval no object would be gained in authorizing Vice Presidents to sanction estimates. Similarly on receipt of Govt Pro clo R1706-97 Dy 22-12-03, Addl Devangere did not instruct Asst Comr in charge of Talukas to exercise the powers of Presidents within the limits of their respective charges. If the latter order should be taken to authorize Asst Comr to exercise such power, there would be two authorities (Addl Asst and Asst Comr) in addition to the President empowered to sanction estimates and conflict of opinions and confusion would

There are no Budget grants for each Municipality. I do not understand how any inconvenience could result from the exercise by the Vice Chairman of the powers vested in him by the said order. The acceptance of ratification of sanction is a formal matter, it does not mean that the words should not be clarified previously thereto. The same practice has been continued since except in the case of Davanagere, where the Vice President exercised the power

power in respect of the marginally noted works in the year 1902 which were accepted by this Office. I have not been able to ascertain definitely why the Vice Presidents of the several Municipalities in this District have not been exercising the powers referred to. In my humble opinion, a Vice President should have both Character and Experience to be able to make a right use of the power. It does not seem therefore Expedient to extend the power to all Vice Presidents alike. As the ultimate responsibility for the proper utilization of the funds rests with the President, I beg respectfully to suggest that the Order of March 1896 referred to above, may be so modified as to make it discretionary with Presidents to delegate the power only to qualified Vice Presidents.

Such powers.

2. It is reported, however, that in January 1899, the Vice President of the Belur Municipality sanctioned an estimate amounting to Rupees 4[illegible] for repairing the street to the South of Sri Channakesavaswamy temple at Belur and incurred an expenditure of Rupees 40-8-0 from his imprest. This procedure of the Vice President seems to have been objected to by the President of Municipalities, the expenditure incurred being however passed as a special case. This appears to be the only instance in which a Municipal Vice President of this District exercised such powers. ——

3. The power of sanctioning all Municipal estimates was apparently reserved in this District by the President of Municipalities himself. The chief consideration for such appears to have been that it would lead to confusion and cancellation of sanctions of Vice Presidents in instances where the President disagrees with the Vice President as to the necessity of any particular work. It may be observed from Government proceedings Nos. 10866-73 dated 21st March 1896 that
L F 137-92

estimates

estimates Sanctioned vice presidents are presumably subject to the acceptance or approval of the President It would be obviously inconvenient and cause much confusion where works are put in hand upon Sanctions of vice presidents if the President were to disapprove of the Sanction and order its cancellation. And as Amildars are vice-Presidents of Minor Municipalities, there might be many such instances. If it be intended that works should not be commenced at all until receipt of the Presidents approval to the Vice Presidents Sanction, there would appear to be no object to be gained in authorizing Vice Presidents to Sanction such works at all.

4. Similarly, on receipt of Government Proceedings No: 1786-97 dated 22nd December 1903 Mr. P Devaraj the then President of Municipalities of this District, did not instruct Assistant Commissioners in charge of Taluks to exercise the powers of Presidents in the Minor Municipalities within the limits of their respective charges, subject to his control. Although it is not expressly mentioned in

the.

the last yearly Proceedings that such Assistant Commissioners should exercise the power of Sanction of estimates upto Rupees 500/- presumably such is intended. If so there would be two authorities viz the Assistant Commissioner and the Collector (vice President) in addition to the President of Municipalities empowered to Sanction estimates - subject to the general control of the latter. Still further, conflict of opinions would arise and would lead to prolonged correspondence and confusion of accounts.

5. I therefore Solicit instructions in the matter.
